

# PLACEMENT BROCHURE

College of Community and Applied Sciences  
Udaipur, Rajasthan

## Batch 2019 - 2023

B. Sc. Food Nutrition and Dietetics

B. Sc. Community Science

## Message From the Vice-Chancellor

I am pleased to learn that College of Community and Applied Sciences is bringing out the Placement Brochure for the Academic Session 2022-23. In today's professional world, it is crucial to cultivate individuals who possess the right knowledge, skills, innovative mindset and the ability to think outside the box. Employers now have higher expectations and those who exhibit the right attitude and skills to accept challenges and continually enhance their performance are more likely to succeed. Success is not solely determined by hard work; it involves smart work, effectively managing time and resources. While passion is important, individuals also require the appropriate knowledge expertise tools and skills to excel in leadership, management and development roles.

The College of Community and Applied Sciences has consistently met the expectations of reputable organizations, as evidenced by regular recruitment of their students. Since its establishment CCAS has provided quality education and has been a hub of excellence in all areas of community sciences. The college provides ample opportunities to the students to align themselves with global corporate requirements and deliver excellence. The undergraduate programs at CCAS are continuously monitored and updated to incorporate modern technologies theories, practices, hands-on trainings and in-plant internships. The philosophy of constantly upgrading the curriculum and pedagogy is to meet the evolving needs of the industry and service organizations. The students are equipped with both personal and professional skills, making them ready to contribute effectively to various industries. The growing number of successful alumni, both nationally and internationally, attests the excellence of this college

I am confident that this brochure will serve as a valuable reference for students in securing suitable placements upon completing their studies. Simultaneously, it will encourage industries, institutions, employers and recruiters to provide placement opportunities to the students. Let potential recruiters be assured that our students possess great adaptability and are well-prepared to excel in the modern world.

I congratulate Dr. Meenu Shrivastava, Dean and Dr. Gaytri Tiwari, Incharge Placement Cell & Information Bureau for their efforts in creating this placement brochure. I also extend my heartfelt congratulations to the graduating students for taking the initiative to associate themselves with brochure making. I wish them all the best for their future success.

**Dr. Ajeet Kumar Karnatak**  
**Vice-Chancellor, MPUAT, Udaipur (Raj.)**

## Message From the Dean

Dear Recruiters,

The College of Community and Applied Sciences has been imparting education in the field of community science since 1966. Over the years, we have earned a reputation as a preferred institute for recruiters, including multinational corporations, established Indian industries, and national start-ups, all of whom offer a wide range of job profiles.

At College of Community and Applied Sciences, we take immense pride in our alumni who have achieved excellent positions in various sectors such as business, industry, research and development, and academia, both in India and abroad. They actively participate in activities conducted at the department and institute level, further enriching the learning environment. Our programs are designed to emphasize the development of analytical skills, hands-on training, experimentation, and project-oriented work. Every student who enters College of Community and Applied Sciences has strong aspirations, whether it's to pursue a career in their dream industry, continue higher studies, or become an entrepreneur. The Training and Placement Cell at College of Community and Applied Sciences is dedicated to creating the best future for our students. We believe in enhancing their capabilities through innovative pedagogy, technology-oriented rigorous training, and ensuring they possess excellent technical skills, the right aptitude and attitude, good communication skills, problem-solving ability, and a team-work spirit, all complemented by a solid understanding of domain knowledge.

I extend my heartfelt wishes to all my dear students for great success in their lives and future careers. The Training and Placement team eagerly looks forward to partnering with eminent recruiters and leading organizations for collaborative initiatives. It would be our honor to host you on our campus and provide our students with an opportunity to demonstrate their intellect, capabilities, and professional readiness to be a part of your esteemed organization. We assure you that we have a considerable number of meritorious and industry-ready students who can prove to be valuable assets to your organization.

Once again, I cordially invite you to our campus for placements and I am excited about the prospect of building a long-term, sustainable, and mutually beneficial relationship with your esteemed organization.

Thank you for considering CCAS, and I look forward to the opportunity of working together.

**Dr. Meenu Srivastava**  
**Dean, CCAS, Udaipur (Raj.)**

## Gratitude From the Training & Placement In-charge

“Hire an attitude, not just experience and qualification.”

The Placement Cell ,CCAS, MPUAT, Udaipur extends a warm invitation to forge stronger ties with all of our stakeholders. Every day, we work to improve every area of the hiring process. Publication of this brochure is a significant step in our expedition with students towards creating real human being for the community by empowering them with strong mind, heart, and hands. This will enable them to learn more effectively and serve society's needs.

First of all, I want to express my gratitude to Almighty God, the Merciful, the Benevolent and the Omnipotent, who is the exclusive source of all the knowledge and wisdom given to mankind and who has given me the skills and resources necessary to complete this righteous task..

I put on record that words are insufficient to express my gratitude to Dr. Ajeet Kumar Karnatak, Hon'ble Vice Chancellor, MPUAT, a transparent visionary and an assertive missionary for his selfless motivation and unconditional support throughout this journey of publication.

It gives me great pleasure to express my gratitude to Dr. Meenu Srivastava, Professor and Dean, College of Community and Applied Science, Udaipur, for her kind guidance, constant encouragement, monitoring, inspiration and critical supervision. I am indebted to her that despite having multiple responsibilities, she was always with me in completing this work successfully

I would like to express my gratitude to, Dr. Sarla Lakhawat, Professor in the Department of Food Science and Nutrition and Dr. Prakash Panwar, Professor in the Department of Extension Education and Communication Management, for their ongoing generosity and insightful recommendations.

I would like to extend my sincere gratitude and endless blessings to the intact youth brigade of my advisory committee, including Ms. Koumudi, Ms. Raaji Pareekh and Mr. Nirvikar Shahi, (Research Scholars- FSN &HDFS) for their energetic gesture, unbeatable commitment, dedication and support in making this document more valuable.

There are still a lot of well-wishers. Friends who provided crucial assistance in some way to finish this academic project. I deeply respect each and every one of them.

**Dr. Gaytri Tiwari**

**Incharge Training & Placement CCAS, MPUAT, Udaipur**

## ABOUT US

Maharana Pratap University of Agriculture and Technology, Udaipur (MPUAT), came into existence on 1st November, 1999 by bifurcation of the Rajasthan Agricultural University, Bikaner through promulgation of Government of Rajasthan Ordinance No. 6 of 1999, which became an Act in May, 2000. The University started functioning in full swing with effect from December 1, 1999.

The jurisdiction of the University include Constituent Colleges, Agricultural Research Stations (ARSs), Agricultural Research Sub Stations (ARSSs), Livestock Research Station (LRS), Dryland Farming Research Station (DFRS), and Krishi Vigyan Kendras (KVKs) spread over 7 districts of the Southern part of the state of Rajasthan.

## COLLEGE AT A GLANCE

The College of Community and Applied Sciences, Udaipur (formerly known as College of Home Science, Udaipur) was established in the year 1966. It is one of the pioneer colleges of the country which has gained its reputed aura in more than five decades of its existence in Rajasthan state. Since its inception, the college has grown rapidly in all its three functions i.e. teaching, research and extension. Community Science is an interdisciplinary field of knowledge which focuses on strengthening family and community life. It prepares an individual to obtain recent scientific information for dealing with life situation and to cope up with everyday problems effectively by providing broad based culturally relevant knowledge. From the academic session 2017- 18, the Faculty of Home Science has been renamed as the Faculty of Community Science.

## MISSION

Development of competence among students for effective role performance to meet the emerging challenges for better living and prepare them as professionals.

## Goals

- To develop skills among students based on scientific principles and knowledge required for day-to-day living.
- To promote analytical abilities among students towards innovative research to augment the quality of life of family and community in the changing scenario.
- To enhance entrepreneurial skills for self-employment and service support to industries.
- To develop an appreciation for rural life, its problems and channelize their progress.

# The Departments

## Food Science and Nutrition

The department plays an important role in creating awareness in the community regarding importance of balanced diet, nutrition and its relationship to health in order to improve quality of life through enhanced physical and mental performance. The area encompasses scientific principles in food preparations to retain nutrient content, preservation, food quality and safety, product development, packaging and storage, therapeutic diets, planning and managing diets in family and community, diet counseling, food service and hospitality management, nutraceuticals and health foods, entrepreneurship, etc.

## Textiles and Apparel Designing

The department aims at developing knowledge in selecting, developing and evaluating textile products, developing ability for quality control through assessment of apparel and textile products and promote careers and entrepreneurship in the area of apparels and textiles.

The department aims at developing knowledge in selecting, developing and evaluating textile products, developing ability for quality control through assessment of apparel and textile products and promote careers and entrepreneurship in the area of apparels and textiles. The department provides qualitative teaching, need based research and skill trainings with the aim to groom the youngsters as enterprising promising youth confident to face the challenges of career and life and to contribute to the society and nation.

# Human Development and Family Studies

The department is concerned with imparting knowledge regarding nature and regulation of significant structural, functional and behavioural changes occurring in children as they advance in age and maturity. It deals with understanding of growth and development of children, study of adolescents, adults and aged, dynamics of marriage and family relation and community welfare activities for deprived section of the society.

## ECCD Laboratory

A well equipped Early Childhood Care and Development Laboratory provides an opportunity to the students for understanding the child behavior. In this lab, children of 1½-4 years are given admission in Pre-nursery and Nursery section.

## Resource Management and Consumer Science

The department aims to develop understanding of family's choice of resources for personal growth and satisfaction, develop competence among students to design work systems for productivity & safety and awareness in relation to general economic conditions, problems of families and consumer rights.

## Extension Education and Communication Management

The department deals with understanding of socioeconomic and life style of farm families and their problems, planning and using various methods and media for transfer of appropriate technologies to rural families and professional competence in preparing information and communication material.

To provide practical experience to the students the college has 23 laboratories with latest equipment and the state of art facilities like body composition analyzer, plus fat extraction unit, atomic absorption and colour spectrophotometer, plotter, dry cleaning machine, dobby loom, dye extractor, pattern making digitizer, development and intelligence scales, community computer, digital still and movie camera, visualizer, indoor air quality analyzer, leg and back dynamometers, handy air sampler, spirometer, heat stress monitor, etc.

The departments have computers with internet connectivity, LCD Projectors, Electronic Lectern, smart class rooms for interactive teaching. There are 3 Seminar Hall for academic interactions.

## Experiential Learning Unit on Apparel Production Management

The Apparel Production Management Centre of the Department of Textiles and Apparel Designing is functional since 2008-09 to provide skill oriented hands on training to undergraduate students. The broad objective is to provide interactive learning experience in apparel production and generation of human resource to promote employment opportunities and entrepreneurial abilities through integration of basic knowledge and experiential learning. The designer apparels and home textiles developed by the students are sold at fairs, exhibitions and from the retail outlet. The Apparel Production Management Unit is well equipped with latest machineries required for garment manufacturing. The designing part is also taught through softwares which is the need of the hour.

# Experiential Learning Unit on Development of Designer Health Foods and Bakery Products

Department of Food Science and Nutrition is running this Experiential Learning Unit since March 2020 for the students of B.Sc. (Hons) Food Nutrition and Dietetics and B.Sc. (Hons) Community Science to provide hands on training to the students on development of designer health food products and development of different bakery products. The centre helps in capacity building among students in the area of food processing, branding, e-marketing, certification, etc. and to take it up as an entrepreneurial activity. The students are involved in planning, product designing, bulk preparation, sale and overall execution of the project.

## Research

The research work in the college is conducted by M.Sc. and Ph. D. students in the need based areas. Staff and student research projects funded by agencies like ICAR, ICMR, DST, DBT, UGC, World bank, UNICEF, RKVY are also undertaken. An ICAR governed All India Coordinated Research Project is also functional in the college since 1980 in all the five departments with the mandate of enhancing the quality of life of farm families.

## Extension

To transfer appropriate technologies among the rural/ tribal community various extension activities are carried out through organizing trainings and interventions in collaboration with different Go and NGOs, participation in kisan mela, radio/ TV talks and extension publications.

## Linkages

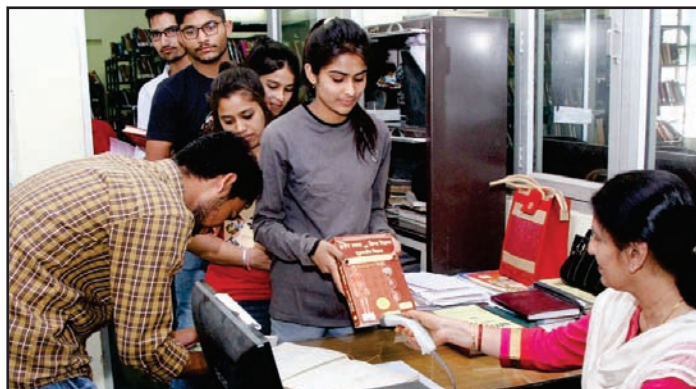

The college establishes linkage with various GO and NGOs like State Dept. of Agriculture, Horticulture, Medical & Health, Women & Child Development; NABARD, NIPCCD, UNICEF; Industries (Textile, Food, Fashion, Hotel); Media Agencies (Radio stations, TV Channels and Newspapers), etc.

# Job Opportunities

Nutritionist and dietician in hospitals, food sector, nutraceuticals industries, community worker in GOs and NGOs, manager/ programme planner/ coordinator in ECCE centres, designers/ guide in toy industries, managers in institutional housekeeping and hospitality management, interior, exterior and space designer, merchandiser in hotel industry, family counselors. media planner and manager, programme coordinator, journalist & editor, training coordinator, advertisement designer, apparel designers, CAD professionals, entrepreneurs, university and school teacher, researcher, etc.

## Library

The College has a fully digital Wi-Fi library with Lan facility for working along with KOHA software to search books ,CERA and e- books, use of bar-code for issue deposit of books by the staff and students. There are over 26076 books, 9 national and 3 international journals along with bound Periodicals, reports and also e-books and CDROM. The library has 2 reading halls having a sitting capacity of 100 users at a time with electronic surveillance. All the UG students as well as PG students have access to computer and internet facility in the library. Moreover, the internet facility is also available in all the departments and Hostel.

## Co-curricular Activities

Sports/NCC/NSS/ Rangers and Rovers: These are regular activities of the college where students participate actively and bring laurels to the college. The college is having facilities of games and sports including, Volley Ball, Basket Ball and Table Tennis. The college is also having Dr. P. Sundaram Badminton court.

## Community Science Student Association

Students on registration are enrolled as member of the 'Community Science Students Association' (CSSA). The association carries out a number of cultural activities like orientation programme, fresher's day, annual function, various competitions, guest lectures and workshops under the patronage of Dean and guidance of ADSW and Club Advisor.

## Information and Placement Bureau

The college has well established information and placement bureau which conducts several personality development, soft skill development and career guidance programmes in the form of workshops and trainings to equip the students with necessary skills to increase their placement opportunities. Besides this, The Cell also actively organizes Academia Industry Interface programme and placement fairs by inviting placement agencies under one roof. The Fair make the students aware about the placement opportunities and also absorb deserving aspirants.

## Alumni Association

The Home Science Alumni Association started functioning from February 8th, 2011. At present with Life Membership of more than 300 Alumni, the Association is deeply engaged in academic and social activities which contributes towards liaison between the alumni and the college.

## Hostel

Hostel accommodation for about 100 girl students is located close to the college building, having single and double seated rooms, a well-furnished dining hall and a visitor's room. The hostel has various facilities like telephone, computer, internet, Wi-Fi, TV, music system, water purifier, water cooler and sewing machines etc. The boys admitted in the College are accommodated in the boys' hostel of other constituent Colleges of the University.
